CLINICAL RESEARCH COORDINATOR

Clinical Research Coordinator with 8+ years of experience across Stanford University School of Medicine, the U.S. Air Force, and a Level I trauma center. Coordinated concurrent NIH and industry clinical trials (Phase II-IV) for 1,500+ participants, with direct experience in informed consent, eligibility screening, study visits, safety reporting with CTCAE grading, and EDC data management under ICH GCP and 21 CFR. Licensed CPT-I phlebotomist with DOT specimen shipping certification and hands-on emergency department experience supporting acute patient events. ACRP-Certified Project Manager and Certified Professional.

CORE COMPETENCIES

Informed Consent & eConsent | Eligibility Screening & Enrollment | Patient Recruitment & Retention | Study Visit Coordination (Onsite & Decentralized) | AE/SAE Reporting & CTCAE Grading | Phlebotomy (CPT-I Licensed) | DOT-Certified Specimen Shipping | Investigational Product Shipments | Protocol Compliance (ICH GCP, 21 CFR, HIPAA) | EDC & Data Quality | Sponsor & CRO Relations | Staff Training & Preceptorship

TECHNICAL SKILLS

Clinical Systems: CTMS - OnCore, Oracle Siebel | EDC - Medidata Rave, REDCap | eTMF | eConsent | ePRO/eCOA | Epic | IRT | Cerner | Safety Reporting - AE/SAE, CTCAE

Data Analytics: SAS | SPSS | R | Python | Excel (Advanced Functions) | Smartsheet

Collaboration Tools: Microsoft Office Suite | Teams | Zoom | Slack | Adobe Acrobat Sign | SharePoint | Box | DocuSign | Jira | Confluence | Google Workspace

EXPERIENCE

Clinical Research Coordinator Associate | Stanford University Department of Medicine, Palo Alto, CA | Nov 2021 - Feb 2026

- Executed clinical operations for 1,500+ participants across concurrent NIH and industry trials (Phase II-IV) in infectious disease, post-acute sequelae of SARS-CoV-2, and chronic diseases; led recruitment and enrollment operations with the site consistently ranked among the top enrollment sites nationally.
- Conducted patient-facing study visits onsite and through decentralized workflows, including eConsent, telehealth check-ins, ePRO, and home investigational product shipments, ensuring protocol adherence and participant engagement.
- Maintained protocol compliance and safety documentation, including AE/SAE reporting with CTCAE grading, partnering with sponsors, CROs, and PIs to sustain audit readiness under ICH GCP and 21 CFR.
- Served as Honest Broker for Gilead GS-US-685-6819, ensuring HIPAA-compliant consent and data handling in direct collaboration with trial leadership; involved in budgeting, billing, and feasibility management.
- Optimized REDCap/OnCore databases with validation rules, queries, and dashboards, achieving 90%+ on-time query resolution.
- Trained and onboarded incoming clinical research coordinators on protocol workflows, eConsent, ePRO, and REDCap/OnCore data entry; developed study-specific training materials and acted as the escalation point for study procedures.

Technical Operations Manager (Contract) | International SOS (Iqarus), Fort Lee, VA | Aug 2021 - Sep 2021

- Led biomedical operations at the first U.S. haven site for Operation Allies Welcome, supporting medical intake and care for 25K+ evacuees from Afghanistan.
- Designed and implemented high-throughput COVID-19 testing and vaccination protocols that cut average processing time per patient from 30 to approximately 18 minutes (40% faster), and trained staff and interagency partners on the resulting workflows.
- Collaborated with Army Public Health and interagency partners to ensure rapid benefit enrollment, offsite medical referrals, and 100% compliance with CDC vaccination and screening requirements.

Emergency Department Technician | RCET | Children's Hospital of Orange County, Santa Ana, CA | Jan 2018 - Oct 2021

- Delivered frontline care in a top-ranked Level I pediatric trauma center, assisting in triage, stabilization, and 20K+ annual emergency encounters.
- Assisted in code events, including intubation, resuscitation, medication preparation, and patient transport, as an extension of physicians and nurses.
- Precepted and trained new emergency department technicians on triage support, trauma bay setup, and respiratory equipment operation.
- Sustained reliability of respiratory care equipment (CPAP, BiPAP, ventilators, high-flow O2) through proactive maintenance and troubleshooting.

Healthcare Technology Manager | 4A2x5 | U.S. Air Force, Various Locations | Sep 2017 - Sep 2025, ADT - Reserve

- Maintained 98%+ preventive-maintenance compliance across 200+ biomedical devices valued at \$2M+, ensuring Joint Commission and DoD accreditation readiness.
- Led HTM for the 752nd Medical Squadron during Global Medic 2019, supervising 6 biomedical personnel in a multinational mass-casualty exercise.
- Supervised and trained airmen in biomedical equipment maintenance and safe equipment use, achieving zero equipment-related incidents.

LICENSES AND CERTIFICATIONS

- Association of Clinical Research Professionals - Project Manager (ACRP-PM), Certified Professional (ACRP-CP)
- CPT I Phlebotomy Registry No. CPT 02270029 | NREMT Registry No. E3767060 | American Heart Association BLS, ACLS, PALS
- CITI Good Clinical Practice (GCP) | HIPAA | Aerosol Transmissible Diseases | DOT Shipping
- Pre-Hospital Trauma Life Support (PHTLS) | Tactical Combat Casualty Care Level II (TCCC)
- AAMI Certified Biomedical Equipment Technician (CBET)
- Stanford Online AI in Healthcare | Google Advanced Data Analytics | Interprofessional Healthcare Informatics
